The 53,464 QSOs listed above and several thousand more not reported, represents the club's contest efforts during our first contest year. Club awards committee will make appropriate presentations at the club dinner on July 7, 1972.

The current year (August 1, 1971 through July 31, 1972) is now essentially over and, hopefully, our members have kept better records (no reports from 10 members for 1970/71).

Recent new members and others who need sheets to record this year's contest totals may obtain copies at the next meeting.
